

Teen Lounge Proposal

We would like to make the Teen Lounge into a friendlier, more inviting space, while providing Webster teens with more of the technology that they need for school projects and recreational purposes. To this end, we'd like to add computers and a gaming station into the room, as well as increasing our collection of ebooks.

Ebook collection infusion - \$2000.00

Computer workstations and seating

From Gaylord – 2 Tables

From Highsmith – 4 stools

Texwood 17"H Solid-oak Stool (L3W-H22414) \$238.00 ea.

Power supply
and data ports

SLT-60
85 Natural Maple top

NA-SLT-60

Workstation Laptop 26-
32H x 60W x 24"D

\$535.00 ea.

4 All-in-one Computers

\$1000 each or less to cover software and hardware.

*Electrical work must be
done to accommodate
these items, at
additional cost.*

Paladin Caseworks Game Cart – Highsmith –

L31-H164769 - \$2770

Plus 22" flat screen television - \$400

Highlighting different areas of the collection is something we continually strive to accomplish. We'd like to put the video games, a high circulating collection, into a *roving display cart* that could be put anywhere in the library, but most likely near the front of the building with other new materials. We'd like two of these carts; one would also highlight *new music*.

MAR-LINE®

Mobile CD/DVD Display Cart (L3W-H73692)

\$1,465.00/each, \$2930 total

We'd like to separate the teen books on CD from the adult collection. More teens would be aware that we have them, and the Teen Lounge seems the best place to keep them. To that end, we're interested in lower shelves to go at the perimeter of the Lounge.

Shelving for Books on CD – 5 units

80 Natural Oak

**Units move smoothly
on two heavy-duty steel
carriages with swivel
furniture casters**

**Shelving, Wood, Gaylord Americana® Series, 42"H,
Flat, Mobile, Gaylord - NA-RMOB42WF - \$910/ea.,
\$4550 total**

Additional hardware needed :

150 bookends to accommodate shifting collections - \$3.29/ea., \$493.50 total

150 shelf backings - \$6.29/ea., \$943.50 total

Total proposal amount for these improvements - \$21,000
