## 1. Overview

Borrow and watch free shows, movies, and more right in your web browser or the OverDrive app.

To stream video on smartphones, tablets, computers and Windows 8 and 10 devices, you must have an up-to-date Flash Player and browser (such as Chrome, Edge, Firefox, Safari, or Internet Explorer 10).

## 2. Using Overdrive

Visit [libraryweb.overdrive.com](http://libraryweb.overdrive.com)

To see the full streaming video collection click on "Advanced" and then under "Formats" select "Streaming Video."

## 3. Borrowing a title

Tap the cover of the movie you'd like to check out and then tap "Borrow." If a title is unavailable, "Borrow" will instead read "Place a Hold."

Sign in with your library card number, Facebook account or OverDrive account. Click "Borrow."

## 4. Watching a Streaming Video

Tap "Watch now in browser" or "Add to bookshelf" next to the video to open it in a new window or the mobile app.

### Note:

Streaming video consumes a lot of data, so if you're on a mobile plan with a data cap, it is recommended to use a Wi-Fi connection when streaming on your mobile device to avoid data overages.
